

For Immediate Release

SLACK JOURNALS TO EXHIBIT AT ALA ANNUAL CONFERENCE & EXHIBITION FOR THE FIRST TIME

THOROFARE, NJ, March 13, 2023 – SLACK Journals is excited to exhibit at the ALA Annual Conference & Exhibition for the first time this June in Chicago, Ill. While the COVID-19 pandemic prevented SLACK from attending many in-person conferences and events, the team is now eager to network and share SLACK’s products, both new and existing.

SLACK Journals offers a variety of health care journals and archives in areas such as Nursing, Ophthalmology, and General Medicine, striving to deliver the best in health care information and education worldwide. With most of SLACK’s leading journals indexed in MEDLINE/PubMed and CINAHL, patrons of medical libraries around the world see SLACK as a trusted source for medical content. Yearly subscriptions, backfiles, and options for perpetual access are available in print or electronic formats.

In addition to these products, SLACK Journals recently launched a new token product, SLACK Journals Select. With this product, token bundles are available for purchase in specific focus areas including Nursing, Ophthalmology, and General Medicine. These token bundles allow customers affordable access to high-quality, peer-reviewed original articles without a subscription. Rather than purchasing a subscription to just one of SLACK’s leading medical journals, SLACK Journals Select is the key to enjoying diverse content, article by article, across multiple publications.

For more information on SLACK Journals and available products, visit [Journals.Healio.com](https://journals.healio.com). For questions regarding subscriptions or SLACK Journals Select, contact Megan Stevenson, Director of Journal Marketing & Sales, at mstevenson@slackinc.com.

###

ABOUT SLACK JOURNALS

For 60 years, SLACK Journals has been providing specialty medical content to institutions of all sizes in areas such as Nursing, Ophthalmology, and General Medicine. Yearly subscriptions, leases, backfiles, and options for perpetual access are available in print or electronic formats. New this year is SLACK Journals Select, a program which offers token bundles for purchase that allow access to articles in a specific focus area without a subscription.
