

World Bank Publications to Exhibit at ALA Annual 2023

Chicago IL, June 22, 2023—After a brief pandemic hiatus, World Bank Publications will be exhibiting its flagship reports and book releases at the American Library Association’s Annual Conference & Exhibition in Chicago. Recent print releases include the latest [*Poverty & Shared Prosperity Report*](#); [*International Debt Report*](#); [*Global Economic Prospects*](#); [*Thriving: Making Cities Green, Resilient, and Inclusive in a Changing Climate*](#) and [*Collapse and Recovery: How the COVID-19 Pandemic Eroded Human Capital and What to Do about It*](#).

Forthcoming titles include the [*World Development Report 2023: Migrants, Refugees, and Societies*](#), which proposes an innovative approach to maximize the development impacts of cross-border movements on both destination and origin countries and on migrants and refugees themselves.

[*Women, Business and the Law 2023*](#), the ninth in a series of annual studies measuring the laws and regulations that affect women’s economic opportunity in 190 economies, identifies barriers to women’s economic participation and encourages reform of discriminatory laws.

All World Bank Publications are available for sale in print or by free download via the [World Bank’s Open Knowledge Repository](#), which has just undergone a major upgrade to DSpace 7. ALA participants are encouraged to visit booth #1515 for more information.

About World Bank Group Publications

In support of its mission to end poverty (Sustainable Development Goal 1), the World Bank conducts and publishes research on a broad range of global and regional issues related to poverty reduction. World Bank Group Publications cover **climate change, gender equality, development policy, finance, health, education, social protections, trade, energy, infrastructure, transportation, private and public sectors, and more**. World Bank Publications since 2000 are freely available from the World Bank’s Open Knowledge Repository at worldbank.openknowledge.org.
